

Dec. 17, 1943

AIR CORPS OFFICERS' CLUB
CAMP MACKALL, NORTH CAROLINA

Worshipful Master and Brothers,

Received the Christmas box and wish to express my thanks, have also received several cards from different members and my thanks for the greetings.

We just finished a big job, took a jeep and drove out to the edge of camp and cut down a Christmas tree, had already purchased decorations and have it all fixed up, now we are all ready for that big day.

Finally had the winter weather catch up with us and about three inches of snow, has turned cold and our flying has been grounded for three days because of us on the wings of our ships, guess we will get started in tomorrow again.

Nothing in the news around here, we haven't been any place, just sitting around the stove and having our usual card games or writing letters, so that's all for now.

Fraternally
Dave Lef.
